I.0.3 History of the College / Institution (including dates of introduction and no. of seats in various programmes of study along with NBA accreditation, if any) in tabular form:

History of the B-School/College/Institution: (attach additional sheets if space is insufficient)

Established in 1993 **IILM Graduate School of Management** is one of the leading business schools in India offering postgraduate programmes in management. The institute is one of the most modern-purpose-built business schools in the country.

Our Founder Late Dr. Kulwant Rais abiding passion had been education. He has explained his focus on education in the words of Shri Satya Sai Baba: “The process of education is to render the individual a happier and more useful person; it must also make him a better citizen, able and willing to further the progress of the nation to which he belongs”.

The IILM group is committed to shape a better future; create a higher quality of life and give wings to a million dreams and aspirations with confidence, energy and passion. Hence, the Groups vision evolved from these beliefs

Milestones

The Anil Kulwant Raii Group, has a very long and rich heritage under Dr Kulwant Rai. Dr Kulwant Rai, after building a very large industrial empire retired from active business in 1986 and devoted his life to philanthropic activities and education. Dr Kulwant Rai’s abiding passion has been education. The Rai School (now known as the Banyan Tree School) was set up in 1986 and IILM Graduate School of Management in 1993.

Anil Kulwant Raii Group has grown manifold since its inception. In 2006, the IILM Graduate School of Management Greater Noida campus was set up. The 18 acre campus also has College of Engineering and Technology with specialization in bio-technology, electrical and electronics, mechanical and computer engineering. IILM also has independent campuses in Gurgaon, New Delhi, Lucknow & Jaipur. IILM was one of the pioneers in the private sector to set up an institute for design. The IILM School of Design started in August 2004 and works closely with the National Institute of Design and has an MOU with IGNOU to offer design education through the distance mode.

The Banyan Tree Schools have also expanded since the first school in 1986. New Schools have been established in Chandigarh in 2003, in Gurgaon in 2006 and Jagdishpur in 2008. Two Schools in Jaipur and Bhopal became operational in 2011 and 2012 respectively. IILM exemplifies integrity, quality, performance, perfection and, above all, character. IILM is committed to shape a better future; create a higher quality of life and give wing to a million dreams and aspirations with confidence, energy and passion. It’s vision reflects these beliefs.
